Response To Notification of Defective Response

This is a response to the Notification of Defective Response mailed on December 12, 2006.

Applicant's response to the Notice of Missing Requirements issued on June 2, 2006, was determined to be defective on the asserted basis that the oath or declaration did not comply with 37 CFR 1.497 (a) and (b) in that it did not identify the application to which it was directed.

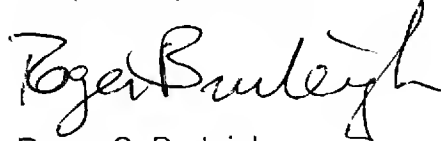

37 CFR 1.497(a) states that

(a) When an applicant of an international application desires to enter the national stage under 35 USC 371 pursuant to section 1.495, and a declaration in compliance with this section has not been previously submitted in the international application under PCT Rule 4.17(iv) within the time limits provided for in PCT Rule 26*ter*.1, he or she must file an oath or declaration that:
... (2) Identifies the specification to which it is directed; ...

Applicant notes that the declaration filed in response to the Notice of Missing Requirements was the declaration previously submitted in the international application under PCT Rule 4.17(iv) within the time limits provided for in PCT Rule 26*ter*.1, which is

noted on the published International Application. Therefore, the Applicant was not required to identify, in the oath or declaration, the specification to which it was directed.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Roger Burleigh". The signature is fluid and cursive, with the first name "Roger" and last name "Burleigh" clearly distinguishable.
